WINTER COMMENCEMENT 1978
UNIVERSITY OF NEW ORLEANS

Friday, December 22, 1978
UNIVERSITY OF NEW ORLEANS
Health and Physical Education Center

A Member of the Louisiana State University System

In order to avoid limiting attendance, two Commencement convocations are being scheduled on the same day.

The first Ceremony, which will begin at 3:30 p.m., will include graduates of the:

College of Education
College of Liberal Arts
Urban Studies Institute
General Studies Program
Graduate School

The second Commencement will begin at 7:30 p.m. Participants will include graduates of the:

College of Business Administration
College of Sciences
School of Engineering
Graduate School

Those receiving Graduate Degrees will participate in the Commencement ceremony according to their major field.

COMMENCEMENT CEREMONIES have a long history as the most formal and ritualistic part of the academic year. Universities as we know them began in Europe during the Middle Ages, and much of the costume and formality of the commencement reflects those distant days.

Like the military of medieval times with their pages, squires and knights, the academic world has long had three basic grades of dignity and achievement. These are undergraduates, bachelors and masters (or doctors). The difference between masters and doctors is comparatively recent; both imply the right to teach.

Academic dress in the United States is based on that worn in England in late medieval and early renaissance times and retained at Oxford and Cambridge with few changes since. However, here in America a fairly standardized heraldry or color code has been agreed upon.

As might be expected, doctors, who outrank the rest, turn out to be the most colorful people in any academic procession. The color in the master's costume is restricted to the hood worn around the neck and down the back. This is edged with a velvet of a color which indicates the degree received and lined with silk of the colors of the degree granting institution. Thus the master's hood from the University of New Orleans is black, lined in silver and blue and edged in white velvet for Arts, light blue for Education, golden yellow for Science, olive drab for Business Administration, and orange for Engineering.

Doctors have a larger and more open hood and, in addition, have black or colored velvet on the sleeves and front of the gown itself. Thus, a Doctor of Philosophy will have a dark blue velvet-edged gown and hood and a gold tassel on the mortar-board cap. In recent years, some universities have broken away from the scheme and allowed their doctors to wear brighter, more original costumes: for instance, Yale's blue with black trim and Harvard's crimson and black. Part of the reason for distinctive costume in earlier times was that proper deference could more readily be paid to dignitaries by the remainder of the academic community.

The University of New Orleans, then LSUNO, held its first commencement in a tent erected near the Liberal Arts Building. On that day, some four years after the University opened, 115 bachelor's degrees were conferred. For the next six years the University held its commencement at the Municipal Auditorium. In 1969 the commencement returned to the campus being held in the newly constructed Health and Physical Education Center, the first suitable facility to accommodate so large a gathering. A winter commencement was added in 1970 to accommodate the increasing number of graduates of Louisiana's second largest institution of higher education and in 1972 the first summer commencement was held.

The 1974 spring commencement was the first under the banner of the University of New Orleans. The name was officially changed February 2, 1974, by the LSU System Board of Supervisors. In order to avoid limiting attendance, two commencements in one day were scheduled for the first time December 20, 1974.

UNO awarded its first master's degrees to six graduate students in 1965 and its first Doctor of Philosophy degree in 1967. To date, 58 associate degrees 12,934 bachelors degrees, 2,650 masters degrees and 125 doctoral degrees have been awarded by UNO.

Students whose names are marked with an asterisk (*) have been elected to Phi Kappa Phi, one of the top honorary fraternities in the nation, recognizing outstanding performance in overall college work.

ACADEMIC HONORS

The University of New Orleans recognizes students who attain academic honors in either of two manners.

A student may pursue the normal curriculum of a subject area and obtain honors standing by virtue of high grades. There are three designations in this category: *summa cum laude* (with the highest praise), which requires an overall grade-point average of 3.960-4.000; *magna cum laude* (with great praise), which requires an overall grade-point average of 3.860-3.959; and *cum laude* (with praise), requiring an average of 3.760-3.859.

A student may also follow a special curriculum in one of several areas and by maintaining a high grade-point average in this curriculum graduate *with honors in* _____ (the particular field). In addition to taking the designated curriculum the student must maintain a grade-point average of at least 3.50 in the subject area and at least 3.25 in all work taken.

We are pleased to recognize the following students as honor graduates at this commencement:
